

# How to Download a Chapter from the Audiobook

*This document provides instructions on how to locate and download a chapter from the audiobook to your personal computer.*

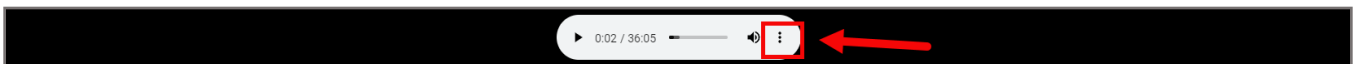

1. On the course homepage, begin by clicking on the chapter that you want to download the from the audiobook.

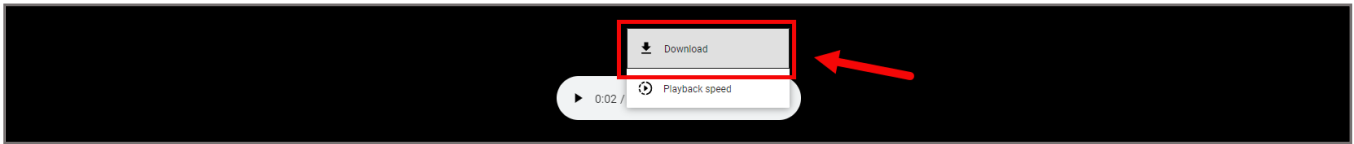

2. On the chapter page, scroll down as needed and click to **open the audiobook**.

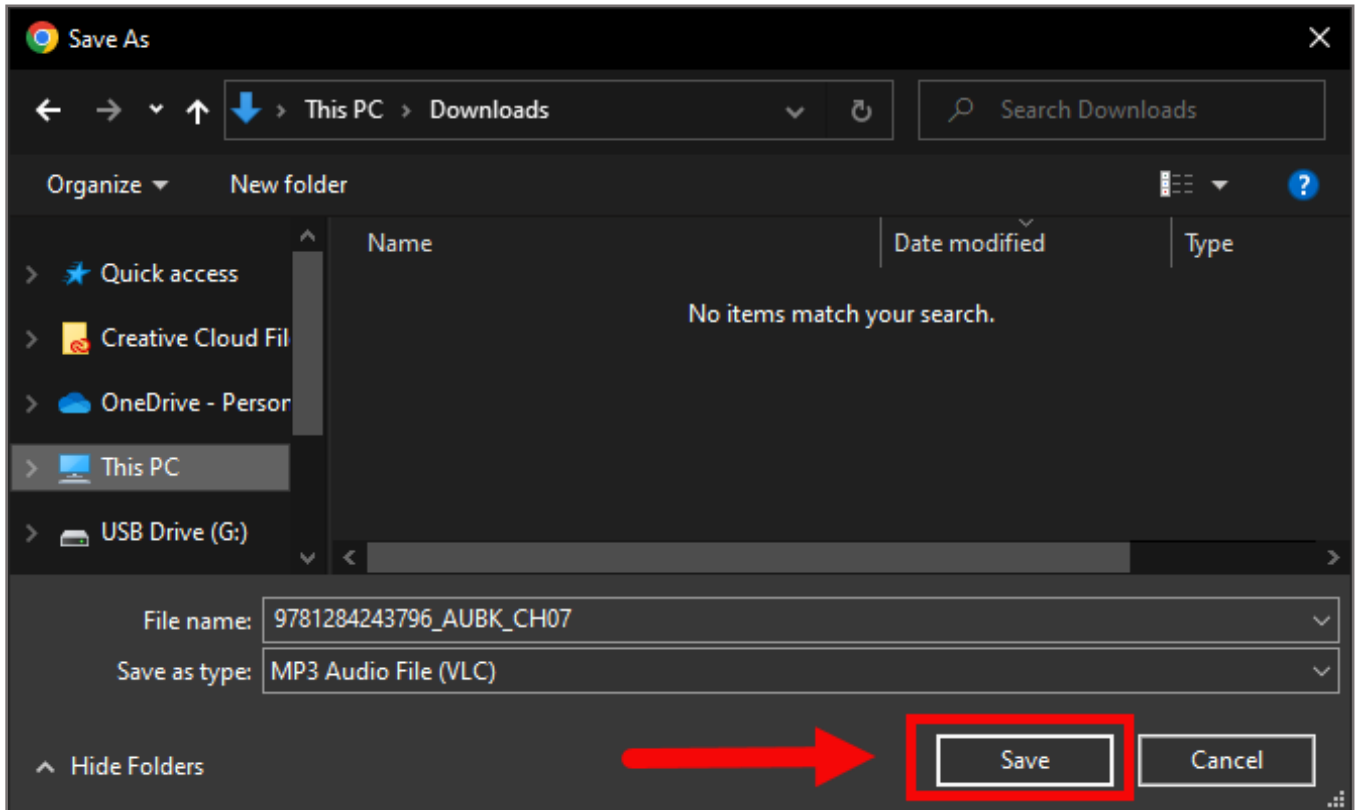

3. From the audiobook playback window, select the **options button**.

4. From the options dropdown list, select **Download**.

5. From the browsing window that opens, select the location on your computer where you would like to save the audiobook file to and click **Save**.

6. The audiobook file will then download to the designated location. You may transfer the file to a personal mobile device or open it on your computer with no need for an internet connection.
