**CDX Tasksheet Number: C561**

1. Research the safety precautions for all high-voltage circuits and methods of identifying those circuits on the hybrid or electric vehicle.

**a. List the systems that use or create high voltage:**

**b. List any safety precautions when working on or around these systems and circuits:**

2. Locate and point out, on the vehicle, the high-voltage circuits and components to your instructor.
3. Have your supervisor/instructor verify satisfactory completion of this procedure, any observations found, and any necessary action(s) recommended.
