or as directed by your supervisor/instructor.

Procedure:	Step Completed
1. Reference the appropriate manufacturer's repair information.	
2. Inspect, adjust, and lubricate the release (throw-out) bearing.	
a. Meets the manufacturer's specifications: Yes: □ No: □	
b. If no, list your recommendations for any rectifications:	
3. Inspect, adjust, and lubricate the sleeve, bushings, springs, housing, and levers.	
a. Meets the manufacturer's specifications: Yes: □ No: □	
b. If no, list your recommendations for any rectifications:	
4. Inspect, adjust, and lubricate the release fork, fork pads, rollers, shafts, and seals.	
a. Meets the manufacturer's specifications:  Yes: □ No: □	
b. If no, list your recommendations for any rectifications:	
5. Return the vehicle to its beginning condition, and return any tools you used to their proper locations.	
6. Discuss your findings with your supervisor/instructor.	

Non-Task-Specific Evaluations	Step Completed
1. Tools and equipment were used as directed and returned in good working order.	
2. Complied with all general and task-specific safety standards, including proper use of any personal protection equipment (PPE).	
3. Completed the task in an appropriate time frame (recommendation: 1.5 or 2 times the flat rate).	
4. Left the workspace clean and orderly.	
5. Cared for customer property and returned it undamaged.

		ı	
Have your supervisor/instructor verify satisfactory completion of this procedure, any observations made,			
and any necessary action(s) recommended.			

**Evaluation Instructions:** The scoring box below is intended to act as a guide for both student and supervisor/instructor. Each criterion listed will help students to understand what is expected of them and help supervisors/instructors to articulate the level of success at a particular task. The scoring is set up to allow a second attempt at each task (see the Test and Retest columns). Scoring is also designed only to award students points for task criteria that were completed correctly. Points are lost for failure to complete the employability requirements (see Non-Task-Specific Evaluation criteria). When all criteria are evaluated, tally the points for a total at the bottom of each column.

## Tasksheet Scoring

	Te	est	Ret	test
Evaluation Items	Pass	Fail	Pass	Fail
Task-Specific Evaluation	(1 pt)	(O pts)	(1 pt)	(O pts)
Student detailed the 3 Cs on the submitted repair order.				
Student used the manufacturer's repair information.				
Student performed the diagnostic observations properly and made appropriate conclusions.				
Student completed repairs as directed by the supervisor/instructor.				
Non-Task-Specific Evaluation	(O pts)	(-1 pt)	(O pts)	(-1 pt)
Student successfully completed at least three of the non-task-specific steps.				
Student successfully completed all five of the non-task-specific steps.				
Total Score: <total #="" 4="%" of="" points=""></total>
