Bring concepts to life for your students. Navigate Scenarios are immersive virtual simulations that place students in real-world health care roles, challenging them to make tough decisions while engaging with diverse stakeholders. These experiential activities boost engagement, clarify complex concepts, and build practical skills essential for success in health care management and clinical environments.

Realistic simulations put students in challenging situations where they need to analyze information and make decisions

What do you want to do?

- Talk to Aida in private.
- Apologize to Jessica. Get a hold of yourself and keep pushing.
- Friends at work are more trouble than they're worth.

Mobile and tablet friendly

Several scenarios offer branching logic which send students down different paths with different outcomes depending on the decisions they make.

GETTING STARTED IS EASY:

- 1 Choose the Navigate Scenario(s) that best suit your course needs, whether to simplify difficult topic areas, add an experiential learning component, and/or increase student engagement.
- 2 Contact your Account Specialist for an in-depth demo where you will learn how you and your students will interact with the Navigate Scenarios.
- 3 Work with your Account Specialist to order your Navigate Scenarios. Contact Your Account Specialist today at: go.jblearning.com/FindYourRep
- 4 Insert the Navigate Scenarios into your current lesson plan as homework, an in-class activity, or an exercise to reinforce difficult conceptual topics.
