How to Request a Course Copy

This document contains instructions on requesting a copy of a current course ID of your choosing. A course copy is a replica of an existing course ID, which will include manual customizations, such as reorganized content, uploaded files, and quizzes and assignments. There is a standard 3-5 business day waiting period for a new course copy. The copy will display as a new course ID within your products tab when your request is completed, and you will receive a notification via email.

2. From your **Products tab**, click the course ID you would like to have copied.

3. On the course launch page that opens, click on the **Request course copy** button directly underneath the **Launch** button. Please note, only the lead instructor of a course has access to the copy request function.
4. On the next page, complete all fields of the course copy Request form.

5. The **New Course Name** field is where you must enter the preferred name that you would like to use for the course title. Please note, this title will only appear within the course itself and will not affect the standard course naming displayed within your account under the **Products tab**.
